

Genuine Zebra Supplies

General Guidelines

Storage

Avoid storing cards, print ribbons, laminate ribbons, and cleaning supplies in the following environments:

- Direct exposure to sunlight
- High temperatures and high relative humidity
- Near a heat source
- Where chemicals and other solvents are stored

Usage

- Use cards, print ribbons, laminate ribbons, and cleaning supplies according to directions in card printer user's manuals.
- Avoid touching the printing surface of cards, ribbons and laminate ribbons as it may cause printing voids.
- Avoid any contamination during the loading of cards, ribbons, and laminate ribbons as contamination can cause print quality issues.
- Improper storage can cause laminate ribbons to preactivate (laminates will become sticky).
