## Zebra RFID Host .NET SDK for Windows V1.0.2

### RELEASE DATE: 26-June-2019

This package contains the RFID3 updates required to create host-based .NET applications for the FX Series RFID reader. This supports Visual Studio v2015 and Visual Studio v2017.

This package contains installer for RFID Host C SDK for Windows platform.

- Added Support for setting Transmit Delay
- Enhancements to Firmware update to support file based update for individual partitions one at a time.
- Documentation had been made specific to RFID SDK and has been enhanced with more examples.

This release is aimed at supporting the VS 2015 and VS 2017 versions.

The version numbers of the DLLs are as listed in the Versions section.

### Contents of the release package

Zebra-RFID-FXSeries-Host-DotNet-SDK\_V102.msi
